Tenova Boosts Southern Steel Sheet Co. Ltd. Productivity for Color Coating Line

Castellanza, October 5, 2017 – Tenova and Southern Steel Sheet Co. Ltd. (SSSC) – a joint-venture of Vietnam Steel Corporation and foreign partners Sumitomo Corporation (Japan) and FIW Steel Sdn. Bhd. (Malaysia) – recently signed a contract for the upgrade of the Color Coating Line, in operation since 2014, with the aim to increase the annual production of the line and satisfy the request of high-quality coated coils from the international and domestic market.

During the last four years, in addition to the Color Coating Line, Tenova supplied to SSSC a Continuous Galvanizing Line, followed by several orders for spare parts, technological assistance and supervision services. The total contracts awarded by SSSC to Tenova are currently ten and demonstrate the long lasting co-operation between the two companies.

The upgrade of the Color Coating Line consists of two bake oven with rotary thermal oxidizer and four roll coater, of which one is horizontal. The new equipped Color Coating Line will produce up to 100.000tpy.

About Tenova

Tenova, a Techint Group company, is a worldwide partner for innovative, reliable and sustainable solutions in metals and mining. Leveraging a workforce of over three thousand forward-thinking professionals located in 22 countries across 5 continents, Tenova designs technologies and develops services that help companies reduce costs, save energy, limit environmental impact and improve working conditions.
